2014 Pro-Life Candidate Survey Questions

- Will you support federal legislation giving parents the right to stop any abortion from being performed on their minor daughter, except to save the life of the mother?
- Will you support requiring a 48-hour "cooling off" period, and mandatory counseling on the risks and consequences of abortion for persons who believe they may want to have an abortion?
- Will you vote to require that abortion providers provide the mother with the opportunity to see an ultrasound image of her child before the abortion takes place?
- Will you support legislation to outlaw so-called "sex selection" abortions?
- Would you vote to prohibit the U.S. government from granting any public funds to groups that recommend or perform abortions in the United States or abroad?
- Should the federal government bar the distribution of "home abortion drugs" like RU-486 and "ella?"
- Will you support nominees to the United States Supreme Court and the lower federal courts who will uphold the constitutional right to life of every human person, born and unborn?
- Will you support legislation which, under Article III, Section 2 of the U.S. Constitution, would remove from the federal courts jurisdiction over the question of abortion?
- Would you support and cosponsor a Life at Conception Act defining that life begins at the moment of conception thereby resolving for all time, as stated by the Supreme Court in *Roe v. Wade*, "the difficult question of when life begins?"
- Will you support an amendment to the U.S. Constitution banning abortion except to save the life of the mother?

NOTE: These are the exact questions that were sent to the rival candidates for United States House and Senate in your state. We encourage you to use your power as a voter. Insist your candidates support the above pro-life measures.
